VISTA TRASEIRA / VISTA TRASERA / REAR VIEW

N.º ID	Descrição / Descripción / Description	Dimensões (mm) Dimensiones (mm) Dimensions (mm)	Quantidade Cantidad Quantity
01	Tampo / Tapa / Top Panel	1252 x 260 x 25	1
02	Prateleira Superior / Repisa Superior / Top Shelf	1300 x 150 x 25	1
03	Base / Base / Base Panel	647 x 238 x 15	1
04	Lateral Direita / Lado Derecho / Right Side	240 x 188 x 15	1
05	Divisória / Partición / Division Panel	240 x 188 x 15	1
06	Prateleira / Repisa / Shelf	900 x 238 x 15	1
07	Porta / Puerta / Door	673 x 183 x 15	1
08	Moldura Frontal / Marco Frontal / Front Frame	900 x 80 x 15	1
09	Moldura Lateral / Marco Lateral / Side Frame	223 x 62 x 15	1
10	Detalhe Coluna / Panel de Columna/ Side Column Panel	1076 x 80 x 15	3
11	Painel Esquedo / Panel Izquierdo / Left Panel	1360 x 535 x 15	1
12	Painel Central / Panel Central / Center panel	1360 x 535 x 15	1
13	Painel Direito / Panel Derecho / Right Panel	1360 x 535 x 15	1
14	Travessa Lateral / Bar Lateral / Side Bar	1358 x 60 x 15	2
15	Travessa Chanfrada Rack - Barra Pared / Biselado Rack Bar - Barra de Pared / Beveled Bar	1050 x 124 x 15	2
16	Prateleira de Vidro / Repisa de Vidrio / Glass Shelf	200 x 150 x 6	1
17	Espelho / Espejo / Mirror	500 x 200	2
18	Puxador / Pegador / Puller	668 x 15 x 12	1
19	Kit Luminária / Kit de Luz / Light Kit	-	1

FERRAMENTAS RECOMENDADAS / HERRAMIENTAS RECOMENDADAS / RECOMMENDED TOOLS

IMPORTANTE! Ferramentas necessárias ou recomendadas para a montagem não incluídas e não fornecidas com o produto.

¡IMPORTANT! Herramientas necesarias o recomendadas para la montaje no incluidas y no suministradas con el producto.

IMPORTANT! The required or recommended tools for assembly not included and not supplied with the product.

Chave de fenda simples e philips.
Atornillador simples y philips.
Simple and philips screwdriver.

Martelo comum.
Martillo común.
Simple hammer.

Medidor de Nível
Indicador de nivel.
Level indicator.

Trena ou fita métrica
Cinta métrica.
Measuring tape.

Parafusadeira e furadeira c/ ponteiros fenda philips.
Atornillador eléctrico con puntas philips.
Electric screwdriver with philips tips.

PAINEL DENVER

Painel 1360 x 1605 x 290mm

Ler atentamente e considerar todas as instruções antes e durante a montagem e guardar este manual para consultas futuras. São necessárias duas pessoas para a montagem e a instalação deste produto. Paredes curvas ou com superfícies irregulares não são recomendadas ou podem não possibilitar a instalação do Painel Búzios, pois comprometem a fixação e podem acarretar empenamento das peças e até desprendimento e queda do painel. Antes de iniciar a instalação, verificar todas as condições da parede, especialmente quanto à resistência e ao suporte ao peso e quanto à existência e posição de tubulações hidráulicas, elétricas ou de gás, evitando danos a estas estruturas ao executar os furos. Não se responsabiliza por problemas decorrentes de Imperícia, Inadequação ou Inobservância das devidas recomendações na montagem e instalação de seus produtos por terceiros. O Painel Búzios é adequado para fixação de TV dos tipos Plasma, LCD e LED de 32" a 50" com peso de até 25kg, desde que observadas as especificações dimensionais e de instalação próprias destes aparelhos. Os suportes e os parafusos para fixação de TV não estão incluídos no produto Painel Búzios. Os furos que vierem a ser executados no produto para a fixação de TV ou para quaisquer outras finalidades são de responsabilidade do cliente/montador/instalador, não cabendo a estes o direito de requerer a substituição do produto, no todo ou em parte, por avarias decorrentes destas operações ou nos casos em que eventuais trocas de aparelhos acarretarem a necessidade de novos furos ou deixarem aparentes os furos já executados. **Não expor o produto diretamente à luz solar e à umidade. Para limpeza, utilizar flanela seca ou levemente umedecida em água. Não utilizar produtos químicos, abrasivos e solventes.**

Pesos máximos recomendados: TV de até 25kg, fixada ao painel; mais até 35kg uniformemente distribuídos nos nichos e nas prateleiras. Nunca utilizar qualquer parte do painel como apoio ou como degrau para escalar o próprio painel ou a parede.

GARANTIA (Brasil): este produto tem garantia de 90 dias contra eventuais defeitos de fabricação, conforme Art. 26, Inc. II do Código de Defesa do Consumidor. O direito à assistência técnica ou à substituição do produto ou de partes dele, dentro do período de garantia, é assegurado desde que observadas as instruções de montagem, instalação e conservação constantes deste manual e mediante a apresentação da Nota Fiscal de compra. O desgaste natural do móvel e problemas decorrentes de montagem incorreta e de uso inadequado não são cobertos pela garantia.

Lea atentamente y considere todas las instrucciones antes y durante la montaje y guarde este guía del producto para futuras consultas. Se necesitan dos personas para la montaje y la instalación de este producto. Paredes curvas o con superficies irregulares no se recomiendan para la instalación del Panel Búzios, ya que conduce a la fijación incorrecta y puede causar deformaciones en las piezas y el desprendimiento y la caída del panel. Antes de iniciar la instalación, verificar todas las condiciones de la pared, sobre todo cuanto a la resistencia para el peso y la existencia de líneas hidráulicas, eléctricas o de gas, evitando daños a estas estructuras cuando se ejecutan los agujeros. No se responsabiliza por problemas causados por inexperiencia o por no seguir recomendaciones apropiadas en la montaje y instalación de sus productos por parte de terceros. Panel Búzios es adecuado para la fijación de TV Plasma, LCD y LED de 32 hasta 50 pulgadas con peso de hasta 25 kg, siempre que hayan cumplido con las especificaciones dimensionales y de instalación propias de estos equipos. Soportes y tornillos para la fijación de TV no están incluidos en el producto Panel Búzios. Los orificios que se ejecutarán en el mueble para fijación de la TV o para cualquier otro propósito son de responsabilidad del cliente, instalador o montador, que no tienen derecho de exigir al fabricante la substitución del producto, en su totalidad o en parte, por los daños causados por estas operaciones o cuando un posible intercambio de equipos o TV implicar en la necesidad de orificios adicionales o dejar visibles los orificios ya ejecutados. **No exponer los muebles a la luz solar directa y la humedad. Para limpiar el panel, utilice un paño seco o ligeramente humedecido. No utilizar productos químicos, abrasivos y solventes. Pesos máximos recomendados: TV de hasta 25 kg, fijada al panel; y más 35 kg distribuidos uniformemente en los nichos y en las repisas. No utilice nunca el panel como soporte o como un escalón para subir el propio panel o la pared.** NO OBSERVAR LAS RECOMENDACIONES DE MONTAJE Y USO PUEDE AFECTAR LA FUNCIONALIDAD Y CONDICIONES DE GARANTÍA.

Read carefully and consider all instructions before and during the assembly and keep this product guide for future reference. Two people are required to assembly and install this product. Curved walls or uneven surfaces are not recommended or may not allow the installation of the Búzios Panel, because it leads to incorrect fixation and can cause warping the parts and to the detachment and fall of the panel. Before starting the installation, check all the conditions of the wall, notably regarding resistance to weight and the existence and position of hydraulic, electrical or gas lines, avoiding damage to these structures when running holes. not responsible for problems caused by inexperience, inadequacy or failure to follow due recommendations in the assembly and installation of their products by third parties. The Búzios Panel is adequate for fixing Plasma, LCD and LED TV from 32 up to 50 inches with weight up to 25 kg, since observed the dimensional and installing specifications of the televisions. The supports and bolts for TV are not included in the product Búzios Panel. The holes that will be executed on the panel for fixing the TV or other purpose are the responsibility of the customer and the installer or assembler, not leaving it to them the right to require from the replacement product, in whole or in part, by damage from these operations or where possible exchanging equipment would entail the need for additional holes or leave visible the holes already executed. To clean, use dry cloth or slightly moistened with water. Do not use chemical and abrasives products and do not expose the furniture to direct sunlight and humidity. **Recommended maximum weights: TV up to 25 kg; and 35kg evenly distributed in the niches and shelves. Never use any part of the panel as a support or as a step to climb the panel itself or the wall.** FAILURE TO FOLLOW THE RECOMMENDATIONS FOR ASSEMBLY, INSTALLATION AND USE MAY CAUSE FUNCTIONALITY PROBLEMS AND THE LOSS OF THE WARRANTY CONDITIONS.
